Vice President's Message

As I begin this letter I cannot believe how fast a year has passed by. Since September, WR & GC has continued to grow and prosper. Our membership numbers are at or almost at capacity. The club grounds are in magnificent shape, thanks to the hard work of Doug Stender and Frank Downing. The sporting clays course is second to none, I think Mike Falcigno and Ed Copperthite spend more time working on the sporting clays than they do at home. The trap range, thanks to Chairman Tom Riley and his crew continues to run efficiently.

For those who shoot bows, Paul Inserra has put in a lot of time making the archery range a show piece. You should take notice when you drive past the archery range and look at the set-up that Paul has incorporated; I think I counted 14 3-d targets. There have been

Club Officers Election

Elections for officers were held at the June meeting. As the President and Vice President had two choices for each office, a vote was held. Here are the results:

President – Paul Uhlan

Vice President – Bill Blotney

Recording Secretary – Rich Bennice

Membership Secretary – Sue Delely

Treasurer – Jack Krasko

1 Club Officers

UPCOMING MEETING

September 11

talks about setting up a regulation 3-d course and holding shoots in the near future.

At the June meeting fish chairman John Stevens reminded everyone that there are still plenty of trout in the pond along with bass, and to go fishing. Just make sure that any bass that are caught are released back in the pond.

The bird fields in back and the orchard are being well taken care of due to the hard work of Walt Fell, Jim Shadish, Brian Molloy, Mike Shewokis, Bill Holstice and Jimmy Slie.

For those of you who attend the monthly dinners, I don't have to tell you about the excellent meals that have been provided by Junior Daddio, Mark Hacku, guest chefs on occasion, and the rest of the kitchen crew. Outstanding job guys!

Our second biggest money maker after sporting clays is the lavish game dinner prepared by Ernie Trowbridge and his crew. Each year Ernie seems to come up with a dinner that somehow is bigger and better than the previous year.

Bird chairman Rich Meydag has plans to stock 2,000 pheasants for the upcoming bird season, and Al Douville will be selling back tags at the September meeting. You must have your dues paid to purchase a back tag. I saved this for last for obvious reasons.

Ray Ericson and Steve Szypulski are always doing repairs and fixing up the rifle range. Ray promises more improvements to come. With all the problems our neighbor, Blue Trail Range is going through, it is imperative that ALL rules regarding the rifle range are followed to the letter. We must remain accident free and continue to be safe.

My plans when I started writing this letter were to make it short, but felt that those members who do not attend meetings on a regular basis should know who is responsible for making this club the premier club that it is. To all the chairmen and their committees, on behalf of the membership, thank you for all your time and dedication.

Mark your calendars for the annual fall outing which is to take place on Sunday September 14th.

Just one more thing, for those members who have computers and are not receiving this newsletter by email, please sign up to get it that way. It cuts costs and time. Thank you.

Have a wonderful summer, a safe summer, catch a lot of fish and as the song goes, "See You in September".

Bill Blotney
Vice President
